# Less Meat for U. S. If Strike Continues

Chicago, March 16 — (P) — What will the packinghouse workers strike against the Big Four packers mean to Mr. and Mrs. Consumer?

Economists and statisticians agreed today that, if the strike continues, many retail meat markets will have less meat on their counters within two weeks.

However, any idea that Turkey may be next on the Soviet expansion list is pretty well ruled out by diplomatic authorities. Prevailing opinion seems to be that the most immediately critical areas are Italy, Finland and Greece, in that order. New York, March 16—(P)—Bearlish views of foreign and domestic news brought the fastest and sharpest stock market sel-off in a month.

Prices eased at the start. Dealings then tapered but fairly heavy offerings hit the ticker tape near the second hour. Steels, motors, rails, oils, aircrafts, amusements that order.

But after the next round of prospective crises in those countries, if not before, officials look to Moscow to resume strong pressure on the anti-Turkish government and its reliance on American military backing.

Secretary of State Marshal supported this idea in telling the Senate of the countries of the countries of the second hour.

# Jewish, Arab Truce in Holy **Land Reported**

Jerusalem, March 16—(UP)— The Holy Land was quiet today coinciding with reports that a truce between Arabs and Jews was in the making in the United Nations under United States auspices. Some sources, however, laughed at the talk of a truce. They said it 1.00 would last no longer than the rare 1.00 four-inch snowfall that covered

Jerusalem last night. sion was reported throughout Palestine yesterday and the same quiet continued into the early morning hours.
Commanders of both the Arab

1.00 army and Hagana announced 1.00 through their public relations staff 50 that they would be "occupied on important matters" for at least a month.

Reports from Beirut said Fawzi

El Kawkji, head of the Arab army in Palestine, had arrived at Damascus from Palestine to conferwith Syrian officials concerning the military situation in the light of developments at Lake Success. Raica to return.

Records here indicate that Lavishtev is only 36. One report, not fully substantiated, described him as an advocate of a Soviet policy of getting tough with Turkey.

However, any idea that Turkey may be not on the Soviet expansion. It was reported that fresh instruc-tions were cabled to Faris El Koury, Syrian delegate to the United Nations. The Arab League's political committee, consisting of the foreign ministers of the seven Arab league states, will meet in Beirut today to

partition. The Arab decision wi be transmitted to the United Na ions by League Secretary Abdul Rahman Azzam Pasha.

The dismissal of Harry Bridges from the appointive position of regional director of the C.I.O. in northern California proves that the political unionism created by Roosevelt and Robert F. Wagner was designed to put down political,

Roosevelt and Robert F. Wagner was designed to put down political, intellectual and even religious free-dom.

Recently, the ex-wife of Bridges testified before a legislative committee of the state of Washington that hic was, during their exciting married life, a card-carrying Communist. She gave other evidence and may be all the serious free to naught in the supreme court. In that case of the government which went to naught in the supreme court. In that case Bridges' deportation seemed to be the government's purpose, but wasn't. The ace in the hole was the supreme court. That conclusion was verified by the fantastic jabber of Justice William O. Douglas, who did the majority N. Y., 10. Douglas, who did the majority opinion, and by the juvenile nonsense indited by Frank Murphy in an independent assent.

an independent assent.

The decision and the names of the split were correctly announced on the large by an old confidant and political booster of Murphy well in advance of the official announcement. The late Chief Justice Stone later said he was "profoundly dismoreover, that it was the second, not the first known leak, in recent times. He suspected one of his brethren, the suspected one of this panoplied shyster on a social operation of the same one that I suspected, and I strongly surplised from certain swinish conduct of this panoplied shyster on a social operation of the synthesis occasion later, that the chief justice got them together in chambers and gave the flannel-mouth hell.

Strong contenders probably will be High Flyer, coupled with All Or Nothing, Memphis Flyer and Supposed to be leveling against Bridges. Biddle seemed enthusiastic, but so do actors, and the same man who was supposed to be leveling against Bridges was caught by a covey of Mass., took a firm gain on lead, Chicago, sneaking up a penthouse stair to pay homage to Sidney Hill-man, a fellow-traveler. Biddle also

It was a habeas corpus job all the way and although Biddle won in three courts nd gave his own decision against Bridges, he was smart enough, in the cynical way of Washington, to mow that he could shoot works and still not harm the the not harm C.I.O.'s boss brutalitarian of western shores and valleys. the

did.

Now, however, we find the C.I.O., a strictly political union, related to labor only for its income and the prestige of labor's name, coercing Bridges in his own politics.

Bridges, naturally, planmed for the Communists and the logical candidate of anyone with his record. The dominant political faction of the C. I. O., the balt mahatma, Phil Murray, who likens himself to Christ, and Walter Reuther of the United Auto Workers have found it expedient to oppose the Communists in the union and in the national politics at this time and for a specific purpose. Therefore they opposed Wallace and his third party. There can be no preference believe here been because these bossess and the C. I. O. as a whole have been notoriously cordial to Communists of the most traitorous kind ever since the C.I.O. began amid riots and insurrection in the thirties. When it suited their purpose to work with and use Communists and sagainst the national interests and against the pace and physical security of millions of working citizens, they did.

# Kaiser-Frazer Introduces Four New 1948 Models

. The 1948 KAISER . The 1948 FRAZER . The 1948 KAISER CUSTOM . The 1948 FRAZER MANHATTAN

# IN PRICE

# While Other New Car Prices Are Advancing

HERE'S WHY Kaiser-Frazer can make this announcement while other new car prices spiral upward. Kaiser-Frazer controls its own supply of many basic raw materials . . . has its own engine plant, foundry and steel mill. Materials from these sources funnel into new and modern Willow Runthe largest automobile manufacturing plant in the world under one roof.

Unfinished steel goes in one end of this great plant and comes out a quality automobile, ready to be

driven away. All this is accomplished in a matter of hours, and with the economy of Kaiser-Frazer straight-line production. This is an achievement of men who are injecting new methods and ideas into an old industry.

In the new 1948 Kaiser, Frazer, Kaiser Custom, and Frazer Manhattan you get all the features

that others have attempted to copy since Kaiser-Frazer design was introduced in 1947.

So far no one has been able to more than approximate the graceful exterior body lines. No one has come near matching the roadability . . . the ride resulting from seats cradled between the front and rear wheels. such wide seats with both elbow and shoulder room. And none have the style features, the wide choice of colors and fabrics.

You get all this plus the many refinements made

possible by years-ahead engineering and design. And, of course, all 1948 Kaiser or Frazer cars have the new Goodyear 24pound pressure Super-Cushion tires that make bumps something you see but never feel.

Enjoy a ride today in America's newest new cars—the 1948 cars that have not gone up in price!
